SENSATIONALISM IN PULPIT

Rev. Mr. Edwards Reads Strong
Paper on the Subject—Cele-
brate Golden Wedding.

(Special to The Times-Dispatch.)

PETERSBURG, Va., December 3.—An independent oil plant has been established here by the Southern Oil Company, of Baltimore, which has located its tanks and storage at Mount Airy, a southern suburb of the city, near the Atlantic Coast Line Railroad tracks. The plant has been completed, and will supply oil in barrels to buyers in the neighborhood. A tank-wagon will be operated in Petersburg.

A paper on "Sensationalism in the Pulpit," read by Rev. W. H. Edwards, pastor of Market Street Methodist Church, before the Ministerial Association of Petersburg this morning, was one of the most interesting of the series of papers read by the members of the association, and made a fine impression. The organization of a non-sectarian Southern oil association in this city was proposed by Mr. McIntosh, of Richmond, who is engaged in that work, and the president of the association, appointed the following committee to consider the plan: Rev. F. W. Moore, of the Second Baptist Church; Rev. W. M. White, of the Second Presbyterian Church; and Rev. J. B. Winn, of Washington Street Methodist Church.

Golden Wedding.
Mr. and Mrs. James E. Caldwell celebrated a golden wedding at their home on Adams Street this evening, at the celebration of their golden wedding, to-day being the fiftieth anniversary of their marriage on December 3, 1856. Mr. Caldwell is the deputy commissioner of revenue, and one of the most courteous and popular officials in the city.

Special Officer Perkins captured near Fendall Park yesterday a negro named David Broadway, one of three prisoners who escaped from the Nottoway county jail last Friday night by breaking through the roof of the building. Broadway is being kept in jail here for the Nottoway authorities. The other prisoners who escaped are Richard Jones, a white man, and Woodson Jeter, a negro.

Breaking Into Car.

Four white and two colored tramps, all charged with breaking into a box car on the Norfolk and Western Railroad, at Disputanta, last Friday night, were being held in the city jail by Detective Wright, of the Baldwin Agency, who will take them to Prince George Court-house for a preliminary hearing. The men were caught in a car filled with pig-iron, and were found themselves picked up on the morning train.

EXTEND BELT LINE.

City of Norfolk May Make Large
Appropriation for That Purpose.

(Special to The Times-Dispatch.)

NORFOLK, Va., December 3.—The friends of the proposed appropriation of \$20,000 by the city toward the extension of the Belt Line Railroad to Sewall's Point are not disturbed by the statement that the appropriation will be considered by certain citizens, as there is excellent precedent, they say, for the Council adopting the report of the Finance Committee, which recommends favorable action—the president referred to being the appropriation made to the Tidewater Railroad.

A very prominent attorney of Norfolk said to-day that there is no difference between the two propositions—the appropriation is the Tidewater Railroad and the proposed appropriation to the Belt Line Railroad.

KOINER AT DANVILLE.

Spoke in Interest of Immigration
to Virginia.

DANVILLE, Va., December 3.—Hon. G. W. Koiner, the State Commissioner of Agriculture and Immigration, was here to-night by special invitation, and addressed a gathering of representative and influential citizens of Danville in the rooms of the Commercial Association on the subject of foreign immigration into Danville and this section of the State in the interest of the agricultural industry.

He outlined his recent trip to Europe, which was taken with this purpose in view, and impressed his audience with being perfectly familiar with his subject. Steps were taken for the permanent organization of a society, with the intention of pushing this matter, and those present seemed much interested and very earnest.

Consider Freight Rates.

FREDERICKSBURG, Va., December 3.—Judge B. T. Crump and Hon. H. C. Stuart, of the Corporation Commission, heard here to-day the application of the Potomac, Fredericksburg and Piedmont Railway Company to increase its freight rates on certain classes of shipments. Commissioner Joseph E. Willard could not be present. The shippers' attorney, Chester, opposed the increased freight rate. The railroad was represented by St. George R. Fitzhugh.

PURIFIES THE BLOOD

As every part of the body is dependent on the blood for nourishment and strength, it is necessary that this vital fluid be kept free from germs, impurities and poisons. As long as it remains uncontaminated we are fortified against disease and health is assured; but any humor or impurity acts injuriously on the system and affects the general health, or culminates in some special blood disease. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid, or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood diseases that continue to grow worse as long as the impurity or poison remains in the circulation. Some persons are born with an hereditary taint in the blood and we see the effect manifested in various ways. The skin has a pallid, waxy appearance, the eyes are weak, glands in the neck often enlarged and usually the body is not fully developed or strong, because it has always been fed on weak, impure blood. In all blood troubles S. S. S. has proved itself a perfect remedy. It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this stream of life pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of taint, purifies and strengthens the weak, deteriorated blood, supplies it with the healthful properties it needs and establishes the foundation for good health. Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all blood diseases and disorders are cured permanently by S. S. S. It is made entirely of roots, herbs and barks, and is the King of all blood purifiers. Book on the blood and any medical advice desired sent free.

FIRST TIME LOST FOOT; NOW HAS HAND CUT OFF

Had Life-Time Job on Railway
for Former Accident When
Last One Occurred.

(Special to The Times-Dispatch.)

NORFOLK, Va., December 3.—W. A. Gaylord, who five years ago had a foot taken off under the wheels of a Norfolk and Western train and was given a life situation at \$1 per day as night watchman at the Levee Avenue crossing of the Norfolk and Western, this morning had his right hand cut off under the wheels of a Norfolk and Western shifting engine by which he was knocked down while on the way to his home in Brambleton on his crutches just after leaving his post at 4 o'clock.

Mr. Gaylord was proceeding down the Norfolk and Western track from the Levee Avenue crossing towards Brambleton Avenue. He saw the shifting engine ahead, but it was at a standstill, and seeing no danger he proceeded. Suddenly the shifting engine started up and struck him on the shoulder. He fell and the engine passed over his arm.

DR. BRUNK EXPECTED.

Will Take Preliminary View of
Things at the Hospital.

(Special to The Times-Dispatch.)

WILLIAMSBURG, Va., December 3.—Dr. O. C. Brunk, the new superintendent of the Eastern State Hospital, will visit this city December 7th, to be present at the meeting of the special board. The real purpose of Dr. Brunk's visit will be to familiarize himself with the institution.

It is understood that Dr. W. F. Dwyer, will be elected first assistant physician, but it is not thought that he will accept. In case of his declining, it is generally thought that Dr. Brunk will select the man to occupy the place. The policy of the special board seems to be to let the new superintendent recommend his own assistants.

JUMPED HOTEL BILL; ARRESTED WITH WIFE

Intended to Return to Petersburg
After Seeing Wife Off on
Boat.

(Special to The Times-Dispatch.)

NEWPORT NEWS, Va., December 3.—Joseph Lewis, twenty-one years old, was arrested to-night for the Petersburg authorities as he stepped on the steamer Pocahontas with his wife, Lewis, wanted in Petersburg on the charge of jumping his hotel bill. The prisoner was locked up. His wife went to a hotel. Lewis says that he has a plenty of money; that he came down to send his wife to New York and intended going back to Petersburg to-morrow. He claims to be the son of a New York wholesaler, and to be touring the South, selling his father's wares.

Chief of Police Rachard telephoned this afternoon that he would send an officer from Petersburg for the prisoner to-morrow.

Mr. Wallace Williams Chosen to Head Movement.

(Special to The Times-Dispatch.)

GLOUCESTER COURTHOUSE, Va., December 3.—At a meeting held to-day at Gloucester Courthouse, in the interest of a Gloucester exhibit, which it is hoped will be had at the Jamestown Exposition, Mr. Wallace Williams was elected chairman, and Mr. Jefferson Stubbs, secretary. Speeches were made by Hon. J. M. Stubbs, Mr. L. C. Catlett and Mr. Jefferson Stubbs. Delegates were elected to be present at a meeting to be held at West Point on the 25th, and where a conference of delegates from several Tidewater counties will be held. A suggestion of interest was that Gloucester should have an oyster industry exhibit with miniature oyster tongs, and other paraphernalia.

TO BUILD MASONIC HALL AT ARVONIA

Plan on Foot for Masons and
Odd-Fellows to Unite in
Erection of Building.

(Special to The Times-Dispatch.)

ARVONIA, Va., December 3.—At the stated communication of Stonewall Lodge, No. 90, A. F. and M. L., definite steps were taken to erect at an early date a Masonic Hall at this place. The matter had been agitated for some time, but the sentiment had not crystallized until a definite vote of the lodge was taken. A committee reported a number of desirable sites which had been offered by property-owners, and after a private vote by ballot, it was definitely settled that the preference of the lodge is for a location on the property of Edward E. Roberts, near the new Arvon Hotel.

The Odd Fellows have also determined to build, and a committee has been appointed to confer with a similar committee from the Masons to take some steps with regard to the erection of a large and handsome building, which shall contain quarters for both orders. The prevailing sentiment in both orders seems to be for consolidation, both orders possess equal rights and privileges in the building. Many members of both fraternities are anxious to erect a modern three-story building, the first floor to be used as a town hall, and to be equipped with stage and seats for several hundred people. The committees are now at work, and it is thought that their reports will be adopted by the orders in separate sessions.

The following officers were elected to serve in Stonewall Masonic Lodge during the next year: Worshipful Master, David D. Jones; Senior Warden, Alvin E. Evans; Junior Warden, Thomas M. Jones; Senior Deacon, Thomas E. Williams; Junior Deacon, Leslie Bercak; Treasurer, W. W. Hughes; Secretary, Morris E. Jones.

The Odd Fellows, conjointly with the Rebekah Lodge of that order, gave a most delightful feast in Williams' Hall last Saturday night. A large crowd of the members of the order were present, a number from a distance, as well as other invited guests, and many of the ladies of Arvon. Some happy speeches were made by bright young members, and an elegant oyster supper was served at the conclusion of the exercises. The order has about a hundred members here, and is growing steadily in numbers and influence.

HOTEL MAN GOES TO JAIL FOR CONTEMPT OF COURT

Sentence Is Reduced, However,
to Half Hour Instead of a
Day.

(Special to The Times-Dispatch.)

NORFOLK, Va., December 3.—John Lewis, proprietor of the Washington House, a Main Street hotel, was to-day sentenced to one day in the city jail and to pay fines aggregating \$15 for contempt of court by Police Justice Simmons. Lewis appeared in court while the case was being heard. He interrupted the proceedings of the court by loud talking, and, after a warning to desist, he was fined \$5 and costs for contempt. "I have a mighty good chance in this court," he said. "Ten dollars and costs and one day in jail for the second offense of contempt of court," replied the justice, and ordered that Lewis be taken to jail. After the court had concluded its business, a friend interceded for Lewis, and Justice Simmons reduced the jail sentence to thirty minutes.

MATTOX DECLARES FAULT AT SPENCER

Says He Is Not Responsible for
Wreck That Killed
Spencer.

BLOCK SHEETS AGAINST HIM

They Do Not Show That Spen-
cer's Train Was Properly
Reported.

(Special to Southern Bell Telephone.)

LYNCHBURG, Va., December 3.—The statement made yesterday by Operator Mattox, who was in charge of the Rangoon block office when the wreck occurred on Thursday on the Southern Railway, in which President Spencer was killed, has excited much attention here. While Operator Jacob, of the Lawyers office, has not been seen, it is known that he denies every statement made by Mattox, which has not been sustained by the block telegraph sheets at both Rangoon and Lawyers. These sheets bear out every statement of Operator Mattox, excepting that he reported No. 32, the train to which President Spencer was attached, to the operator at Lawyers as being in the block. Both of these sheets, the railway officials claim, show that this train was not reported in the block by Mattox to Lawyers, and that this is the condition which caused the wreck.

An official of the Southern Railway stated to-night that Mattox will be asked to go to Washington to be present at Wednesday's investigation. From his statements made on Sunday, it is believed that he will be present, but it is impossible to get any statement from him to-night, as his train is about eight miles from Lynchburg.

ANOTHER LABOR CASE.

(Special to The Times-Dispatch.)

Contractor Charged With Work-
ing Men Illegal Hours.

NORFOLK, Va., December 3.—Deputy United States Marshal J. E. West has been cited to summon the P. Sanford Ross Corporation to appear in the United States District Court at Norfolk on January 24th to answer the charge of working his men on government work more than eight hours to the day, in violation of the "act relating to the limitation of the hours of daily service of laborers and mechanics employed in the public works of the United States."

The P. Sanford Ross Corporation is a New Jersey concern, but has an office in Richmond, and is doing government work in this section. The first case of this nature brought by the government, filed against John Monk, a contractor, failed of conviction in the United States Court two weeks ago.

Monk is also erecting the Virginia Building at the Jamestown Exposition.

REPRODUCE CAPITOL.

(Special to The Times-Dispatch.)

WASHINGTON and the District of Columbia at Exposition.
NORFOLK, Va., December 3.—Mr. T. W. Smith, representing the commercial organizations of Washington and the commission of the District of Columbia to the Jamestown Exposition, was in Norfolk to-day arranging for space in the exhibition building for the reproduction of Washington's commercial exhibit and the exhibit of the District at the exposition. He secured about 2,000 square feet of space for the commercial exhibit, but no definite arrangements were made concerning the exhibit to be made by the District. While it is not yet definitely decided it is thought that the District commissioners will erect a separate building in which they will display their exhibit, a part of which will be a miniature reproduction of the Capitol.

Adam Bell, who was convicted for horse-stealing at the October term of court and given four years in the penitentiary, and another negro, who was serving a jail sentence, made their escape in October by breaking the bars, and climbing up the fire above the ceiling, where they broke through the fire and escaped by swinging on blankets from the ceiling. FIFTEEN MADE SICK BY SOMETHING THEY ATE

(Special to The Times-Dispatch.)

LYNCHBURG, Va., December 3.—Some fifteen or twenty persons who boarded with Mrs. Polidexter, on Church Street, suffered from poisoning poisoning last night, some of them being very sick for several hours. As far as known none of the number were dangerously ill at any time.

It is supposed that the trouble came from something that was served in the Sunday dinner, but it has not been ascertained exactly what was the cause. Although some of the victims were still suffering the effects of the experience this morning, all of them had practically recovered.

Omega Oil

For Rheumatism A good doctor says that while people are using three glasses of water at night and two or three more glasses in the morning. The Oil goes in through the pores, destroys the acids which cause Rheumatism, and the blood carries the destroyed acid to the kidneys, where it is filtered out. By drinking plenty of water, the kidneys are well washed out, and in this manner the rheumatic poisons are removed from the system. You have probably noted that in all sickness the simplest treatments do the most good. Nothing is simpler than drinking pure water, and rubbing the body and muscles, and joints with Omega Oil. 10c., 25c., 50c.

There's a free sample of Omega Oil Soap in every bottle of Omega Oil.
